Beaver County thanks all applicants for their interest, however advises that only those selected for an interview will be contacted.

URGENT – Returned 2017 Property Tax Notice

Failure to receive your PROPERTY TAX NOTICE does not exempt you from penalties.

Property notices have been mailed out to residents of Beaver County. If you are a new resident of Beaver County or if your mailing address has changed in the last year, it is your responsibility to notify Beaver County of your correct/current address or any changes that have occurred. All tax notices are mailed out to the current address we have on file. Failure to receive your tax notice does not exempt you from penalty deadlines and due dates do not change due to returned mail. If you have not received your property tax notice for 2017 or are unsure we have received your correct mailing address, please contact the Beaver County Service Centre at (780)663-3730 to confirm.

Construction Update

Range Road 203

Over the next few weeks, Range Road 203 from Township Road 510 to Township Road 504 will be upgraded from a oil road to an all-weather hard surfaced road. This involves stabilizing the road base with soil cement before applying two coats of "chip seal". While this process is much different from the process to pave a road with asphalt, the end result will seem similar to residents and the travelling public and will result in a road that is not dusty when it is dry, nor muddy when it is wet.

During this time, the road may be closed to allow crews to work safely; however, access for local landowners will be maintained during construction. Please take alternate routes during this time.

Township Road 492

Work continues on TWP 492 between Highway 834 and Range Road 181. Most of the road has been stabilized and received a "tack" coat. The next step will be to apply a final tack coat and chip seal surface. This should go quickly but during this time, please try to take another route to your destination if possible. This schedule is weather dependent.

During this time, there will be crews on the road who need to work safely, and road coatings being applied that can make your vehicle dirty. Finally, there will be loose rock chips present for some time after application that can scratch your vehicle. The final chips will be brushed off after the surface has cured (generally after a few weeks).

Please be advised the speed limit is 50 km/h while posted.

Thank you for your patience and understanding during construction. If you have any questions, please call the Beaver County Service centre at 780-663-3730.

Community Event
