

Road Construction

Beaver County Council approved the following roads to be hard surfaced in 2018:

- TWP Rd 492 between Sec. Hwy 854 & RR 181 (4.9 km)
- TWP Rd 510 from Sec. Hwy 833 County Border (1.6 km)
- RR 201 between TWP Rd 510 to HWY 14 (0.5 km)
- TWP Rd 512 between Sec. Hwy 834 to RR 191 (1.7 km)
- RR 191 between TWP 512 to County Border (0.9 km)

Seniors Can Now Defer Paying Property Taxes

Qualified Seniors Can Now Defer Paying Property Taxes

In 2013, the Alberta Government introduced a Seniors Property Tax Deferral program which will provide eligible seniors with financial support to pay their property tax bill.

This voluntary program will allow seniors to defer their residential property taxes through a low-interest home equity loan with the Alberta Government.

The Provincial Government will pay the senior's taxes directly to the municipality and the loan (with interest) will be due when the senior sells his/her home, is no longer eligible for the loan, or earlier if the senior chooses.

You can apply for the SPTDP at any time. However, to allow enough time for your application to be processed and payment forwarded to your municipality (and avoid penalties), you should apply at least 30 days before the property tax deadline.

Applications for the program are available by calling the Alberta Supports Contact Centre toll-free at 1-877-644-9992 or you can visit. <http://www.seniors-housing.alberta.ca/seniors/property-tax-deferral.html>.

First Aid 2018

CALP is partnering with ICON SAFETY CONSULTING INC. to offer Standard First Aid with CPR & AED Training Thursday & Friday March 1 – 2

Ryley Village Office

9 am – 4:30 pm

\$155.00

Register by Feb. 22

To register call CALP at 780-663-3730 or email calc@beaver.ab.ca

Household Battery Drive

Zinc-Saves Lives Household Battery Drive

The leadership team is a group of students from the Ryley School. We focus on making a difference in the community and the world through volunteerism. We are launching a campaign to collect household batteries through a program called Zinc-Saves Lives.

Zinc is essential for humans. Zinc deficiency affects about 1.2 billion people worldwide, and 200000 children under the age of five die each year from not having access to zinc in their diets. This is why we would like to help. This program is brought to you by Teck and UNICEF. The amount of zinc in one AA battery, is enough to saves the lives of six children. There is an added benefit of keeping batteries out of landfills which protects our environment.

Beaver County residents may drop off their household* batteries in specially marked bins located at Ryley School and the Beaver County Office from now until June 15, 2018 (during normal business hours.)

***HOUSEHOLD BATTERIES = AA, AAA, C, D, 9 Volt, 6 volt (alkaline or heavy duty batteries)**
We CANNOT accept lithium ion batteries

Thank you for helping us create a positive change in our world.

-Ryley School Leadership Team.
