Workbook 1 Spending Plans  
Workbook 2 Banking Basics  
Workbook 3 Credit and Borrowing  
Workbook 4 RESPs and Other Ways to Save

### 2019 Clubroot Survey has Begun

Beaver County's Agricultural Service Board strives to prevent Clubroot from establishing within the County and to control any existing infestations. Currently, the County is conducting field surveys to detect infestations as per Alberta Agriculture surveying protocols. Sanitation practices are used while County employees are sampling fields.

Beaver County also encourages producers to sample their own fields. Sampling tips may be found at [www.clubroot.ca](http://www.clubroot.ca). With early detection, growers, custom operators and others who visit the field can take steps to contain the spores and protect their own fields and those of their neighbours. If Clubroot is found while sampling, please contact the Agriculture Department at (780) 663-3730.

### Construction Update

The bridge on Twp. Rd 494 west of Sec Hwy 857 will be temporary closed for construction/bridge repair from October 2, 2019 – November 15, 2019, weather permitting.

Traffic signage will be present with detours in place to allow crews to work safely during construction. Please take the alternate routes until construction is complete.

Thank you for your patience and understanding during construction. If you have any questions, please call the Beaver County Service Centre at 780-663-3730.

### 2019 Construction Schedule
