

## 2020 Vegetation Management Program Update

### 2020 Vegetation Management Program Update

As part of Beaver County's roadside maintenance program, the removal of trees, brush, and regulated weed species within Beaver County road allowances will be running from May through October 2020.

- Spot herbicide applications will be conducted within all divisions to control tree and brush regrowth within County road allowances.
- Mechanical roadside brush control efforts will be focused within Division 5 (Viking and Kinsella areas). The mechanical removal and clearing of trees from County road allowances is targeted at improving traffic safety and machinery movement, eliminating areas prone to the trapping of snow in the winter months and improving sightlines at intersections and yard sites.
- Roadside mowing operations will commence in late June/early July, depending on growing conditions. Roadside mowing will be conducted on all County roads west of Secondary Highway 834, and hard surfaced roads east of Secondary Highway 834.
- For information regarding weed control, brush control, and haying along provincial primary and secondary highways please contact Alberta Transportation at 310-0000.

For more information regarding the 2020 Beaver County Vegetation Management Program, or service requests related to vegetation management, please contact Mike Bates, Agricultural Fieldman, or Aimee Boese, Agricultural Fieldman, at 780-663-3730.

## Beaver County Service Centre Access During Covid-19 And Beyond

Beaver County continues to monitor the coronavirus outbreak, and our commitment to the health and safety of our community and our staff remains our top priority. We are diligently practicing "physical distancing" and taking other necessary precautions to prevent the spread of the virus.

The Provincial Government recently announced Stage 1 of Alberta's Relaunch Strategy, however at this time, the County Services Centre and Transportation Shop remain closed to the public.

The County will be monitoring the success of Stage 1 and preparing the Office for its eventual re-opening. As always, the health and safety of visitors and County staff are our first consideration.

Although the Services Centre is closed to the public, staff are still working in the office and providing the essential services our residents need.

The County has various means by which we can interact with the public and we strongly encourage residents to take advantage of the County's many options for conducting business on-line. Please check our website at [www.beaver.ab.ca](http://www.beaver.ab.ca) for access to on-line forms, information regarding methods of payment, notices and announcements, etc.

You may also reach staff at the Services Centre at 780-663-3730 during regular office hours. We are available and happy to assist you with any questions you have. Thank you for respecting the health and safety of our employees and for helping to prevent the spread of the virus. Your patience is appreciated.
