Young Agrarians Apprenticeship

Young Agrarians is excited to launch the 2021 Prairie Apprenticeship Program!

Applications are now open for aspiring farmers looking to gain skills and knowledge that match the ecological and regenerative values they hold. Young Agrarians and our network of exceptional mentor farmers are offering advanced, hands-on farm apprenticeships in regenerative agriculture. Participants with a serious interest, curiosity and commitment to full-time farming are invited to apply.

Our apprenticeships are a full immersion program that puts you into the heart of running a farm business, day in and day out. Our carefully selected family of farm mentors have diverse expertise and skill sets – their farm philosophy is guided by a holistic framework that recognizes the connectedness of the land and people. Although farm activities will be different on each farm, the core activities will involve care of soil, pasture and livestock, farm direct marketing, and using sustainable practices for cereal, grain, and vegetable production.

Please visit our website for more program information and to [apply to the 2021 Apprenticeship Program!](#)

[Listen to what former apprentices have to say about their farming experience with YA!](#)
