

## Tofield Curling Club

### THANK YOU!

**Tofield Curling Club would like to extend our deepest appreciation to Claystone Waste** for providing us with financial support through your 2020 Cycle 2 Grant toward the purchase of two new overhead natural gas heaters (capital costs) for the ice surface at the Tofield Curling Rink. All club members and the executive are very thankful for your support towards our club.

Our future has been put on temporary hold until safe return to play is possible.

However, maintenance and repairs must continue if the curling rink is to return as a Beaver County Community option for fitness, sports enthusiasts and social gathering location.

Thank you again for your generous support. -TCC
