BEAVER COUNTY SERVICE CENTRE RE-OPENS TO THE PUBLIC

Beaver County continues to monitor the coronavirus outbreak, and our commitment to the health and safety of our community and our staff remains our top priority. We are diligently practicing “physical distancing” and taking other necessary precautions to prevent the spread of the virus.

Effective July 2, 2021, the County Services Centre will **re-open to the public**. The Services Centre main door will be open during regular business hours, with some precautionary measures in place. Upon entering the Services Centre, all visitors will complete a mandatory health check and may sign a contact tracing register (optional). Mask wearing is strongly recommended when entering the building and hand sanitizer will be available for use.

When possible, no more than five (5) customers will be permitted in the Office lobby at one time.

The County still strongly encourages residents and visitors to take advantage of the many options for conducting business, such as online or curbside for some services. Staff are available and happy to assist you with any questions you have and are accessible by phone at 780-663-3730 or by e-mail to administration@beaver.ab.ca. In addition, please check our website at www.beaver.ab.ca for access to on-line forms, information regarding methods of payment, notices and announcements, etc.

Township Road 202 Construction Update

Over the next few weeks, Range Road 202 from Township Road 504 to 510, will be upgraded from an oiled surface to an all-weather hard surfaced road. Currently we are ahead of schedule and work will begin between July 7 – 14 weather dependent. This involves stabilizing the road base with soil cement before applying two coats of “chip seal”. While this process is much different from the process to pave a road with asphalt, the end result will seem similar to residents and the travelling public resulting in a road that is not dusty when it is dry, nor muddy when it is wet.

During this construction phase, **portions of the road may be closed to allow crews to work safely** please use another route, detours will be posted or be cautious when you need to drive through construction zones (local traffic only). Beaver County's goal is to provide a healthy, injury free work environment for all employees, contractors, visitors and general public. Already this year we have had people exceeding the posted speed limit through our construction zones, endangering staff, contractors and the public.

There are potential hazards to the public and vehicles during the construction process. This can include heavy machinery, dust or mud, road material such as gravel, asphalt coatings and rock chips.

We apologize for the inconvenience that road maintenance and upgrading causes, but the same roads that receive the most traffic also need the most maintenance. Thank-you for your patience and understanding during construction. If you have any questions, please call the Beaver County Service centre at 780-663-3730.
