March 12, 2020

For Immediate Release: **COMMUNITY HELPING HEARTS DINNER POSTPONED**

To align with the recommendations made by Chief Medical Officer of Health for Alberta in regards to the management of COVID-19, the Tofield and Area Health Services Foundation Board has decided to postpone our upcoming Community Helping Hearts Dinner that was to be held on Saturday March 21st at the Ryley Community Centre. Tickets will be refunded at the point of purchase.

As a Health Foundation, our mission is to preserve, protect and enhance the role of the Tofield Health Center and associated providers of health care services to Tofield, Ryley, Holden and surrounding communities.

We appreciate the support of our community. After deciding on a new date and discussing this with our honourees Lionel and Susie Williams, the Health Foundation will make an announcement about the rescheduling of this event in the future.

For more information please contact:
