

Black Nugget Lake Campground Update

Work is still ongoing at Black Nugget Campground to complete the necessary repairs required and the County appreciates everyone's patience as we go through this process to make improvements to the site.

The campground will remain CLOSED until repairs are completed and we will post an update as soon as reservations can be made again. This closure includes access to the lake for fishing or recreational activities such as kayaking.

We understand that this is a big inconvenience, especially at the start of camping season, however we want to ensure that the repairs done now will meet the facility needs in the future.

The County will be assessing this on a week to week basis and planning for campground reopening accordingly. *Anyone with a reservation that is affected by the closure, will be notified and refunded their site fees, as needed for the construction timeline.*

It's summertime and we understand that camping is important to many of our residents and visitors and so we apologize for the inconvenience that this may cause!

Beaver County encourages guests that are looking for an alternate camping location to check out Camp Lake Park campground, located north east of Viking.

To book online visit www.campreservations.ca.

If you have any questions, please do not hesitate to contact Beaver County at 780-663-3730.
