NOTE:

1. Beaver County may construct one approach to each freehold quarter section from an existing developed road. One approach per fragmented parcel may also be permitted from an existing developed road.
2. Approval for widening of existing approaches or construction of additional approaches shall be as per the Road Approaches Policy PW-010.
3. Approaches shall be constructed to the County's Road Approach Standard.
4. Temporary approach removals shall be completed at the applicant's cost and the ditch restored to original or better condition by the removal date specified by the Special Provisions.
5. Applicant to notify Beaver County Public Works Department when approach is complete and ready for inspection.
6. Proposed new approach locations shall be inspected by Beaver County Public Works Department prior to approval.
7. Applicant shall clearly mark the proposed approach location by placing flagged stakes at both sides of the approach location.
8. Applicant to contact Alberta One Call and locate all buried utilities prior to construction.

The sketch plan should indicate the following:

- Location of proposed approach, dimensioned from the closest property corner;
- Boundaries of the affected parcel including dimensions;
- All affected drainage courses;
- All roads adjacent to the parcel labeled;
- Location of any existing approach(es) on both sides of the road;
- Location of any existing approach(es) on the affected parcel;
- North arrow for orientation.

I hereby make application to construct an approach in accordance with the attached plan and specifications and at the location shown on the sketch plan attached to this form.
