Green Acreage Workshop

Upcoming Green Acreages Workshop

Tuesday, February 28 from 6-8pm
Tofield Community Hall - 5309 - 50 St., Tofield

Presented by Land Stewardship Centre and hosted by the Beaver Hills Biosphere and Beaver County.

Green Acreages Workshops are informative, educational and interactive. Hosted in partnership with local municipalities, and led by an experienced and knowledgeable facilitator, these workshops offer a practical, hands-on approach to helping people become better stewards of their acreages and recreational properties.

Using the Workbook and its corresponding worksheets as a guide, and using an aerial photograph of individuals' properties provided by the county, by the end of a workshop, each attendee will have learned more about what they can do and the resources available to them, and come away with a Workbook and the start of a stewardship plan for their property. At the workshop, you will learn how to:

- Better manage and improve your property
- Evaluate your acreage
- Map your property assets and plan your activities
- Access funding to help with a stewardship project and the projects that qualify
- And more

The county will be providing all attendees with an aerial photo of their acreage for use at the workshop. So, after you've registered and BEFORE THE WORKSHOP, please send your legal land location and/or lot/block/plan number to mlena@landstewardship.org to help us streamline the process of getting those images.
