

Back Slope Application

Land location of the requested backsloping project:

Quarter _____ Section _____ Township _____ Range _____ W4M
Distance to be Backsloped _____ Meters (800 Maximum)

Applicant:

Name: _____
Address: _____
Town: _____ Postal Code: _____
Phone: _____
Email: _____

Registered Owner Address (If different than applicant):

Name: _____
Address: _____
Town: _____ Postal Code: _____
Phone: _____
Email: _____

Please check all applicable benefits to the project:

- This project will enhance traffic safety by improving sightlines.
- This project will reduce snow drifting within the adjacent road allowance.
- This project will help control brush and weeds within the road allowance.
- This project will improve drainage or the maintenance of drainage ways.
- This project will increase arable acres.

Please note the following landowner/applicant responsibilities:

- The landowner will submit the application to Beaver County by May 31 for Council consideration.
- The landowner accepts responsibility for the cost of the following and will provide proof of receipt:
 - Location, protecting, and/or relocating any utilities on site.
 - Removal/replacement of the fence.
 - Removal of brush piles, rocks, and other debris.
- The applicant must clear the project site of fences, rocks, and debris. Rocks and debris must not be deposited in the County Road allowance.
- The landowner is responsible for the burning/disposal of brush piles resulting from the backslope. Burning is contingent upon meeting the conditions specified in fire permits.
- Upon completion, the area backsloped is to be kept free of weeds, brush, rocks, and any other debris.
- The applicant shall submit a sketch of the area to be backsloped.

Back Slope Application

Please note the following County Responsibilities:

- The county will seed grass in the ditch following completion of the project if the location is not to be utilized for crop production.
- The County is responsible for the location of utilities (One Call) for work completed by the County.
- The County will not commence the work until the request is approved by County Council.
- The County will not commence any work until a written agreement is in place between the County and the Landowner.
- Council-approved backsloping projects will generally be completed after harvest and before freeze up.

Beaver County Council will limit the number of projects to a maximum of 3 (three) per year, and only 1 (one) 800 meter (maximum) project per Landowner per year. All applications are subject to inspection by County staff before and after the commencement of any work for conformance with the County Backsloping Policy INFR-002. If this backslope project is not approved in one calendar year, it will automatically be placed on the following year's project list for consideration by the Council.

I/We, the undersigned, have read this application form and agree to all conditions.
