BEAVER COUNTY COUNCIL CANDIDATE PROFILES

BEAVER COUNTY COUNCIL CANDIDATE PROFILES

BEAVER COUNTY COUNCIL CANDIDATE PROFILES

Beaver County Division 3 incumbent - Gene Hrabec

Patricia Harcourt

Here are the results of a Beaver County Chronicle questionnaire for Division 3 candidates in the municipal election which will be held on Oct. 20.

1. What are your reasons for running, or re-running, for councillor in your division?

I would like to continue my advocacy for the residents of Beaver County and to complete some of the projects that are currently underway or planned.

Having the opportunity to sit on a provincial task force on CWD management that will not be completed until the end of the year is one of those types of projects.

The most rewarding part of being a municipal councillor is the opportunity to see a project, idea or a community request from the start to the finish.

A couple of boards that I sit on have huge influence on supporting our seniors on Beaver Foundation and helping us everyday that there is a medical, accident or fire with Beaver Emergency Services Commission. Infrastructure

projects and plans can be current, multi year and long term. I have served as the Deputy Reeve for the past seven years.

2. What issues in your particular division, and in the county as a whole, do you consider important to discuss during this election?

Currently in my area one of the most important issues is finding common ground and solutions between the residents around the landfill district.

Unintended consequences of the growth need to be addressed sooner than later. The county is continuing to grow with development and business growth throughout the county which keeps providing the services. I have been advocating to ensuring we are fiscally responsible and pledge to keep asking those questions to ensure transparency.

3. Please state your goals if you are elected a councillor?

Currently in my area one of the most important issues is finding common ground and solutions between the resi-

dents around the landfill district.

Unintended consequences of the growth need to be addressed sooner than later. The county is continuing to grow with development and business growth throughout the county which keeps providing the services. I have been advocating to ensuring we are fiscally responsible and pledge to keep asking those questions to ensure transparency.

4. Can you give a background of yourself in terms of personal, educational, occupational and any other information you think would be pertinent for the voter to know to help them get a better understanding of who you are and the direction in which you wish to proceed going forward?

In closing, I am very proud of the organizational direction and with the commitment from our employees, especially with our public works team which provides the majority of our services. We have transitioned seamlessly between retirements and new employees as well as a strong commitment to our community members and organizations.

Beaver County Division 3 incumbent
Gene Hrabec

I finished the Elected Official Education Program Certificate from the U of A, which was completed in seven years of adult learning. As an elected official you are always learning and engaging with peers and provincial government counterparts.

Beaver County Division 3 candidate - Rick Ells

Patricia Harcourt

Here are the results of a Beaver County Chronicle questionnaire for Division 3 candidates in the municipal election which will be held on Oct. 20.

1. What are your reasons for running or re-running for councillor in your division?

I am running for Council as I believe we need a change with Beaver County Council. Possibly bring some new ideas to the table. I have never ran for Council in the past.

2. What issues in your particular division and in the county as a whole do you consider important to discuss during this election?

I am in Division 3. The landfill has been an issue in the past. The roads that are being used to get to the landfill

seem to have more garbage in the ditches as well as the condition of the road leading to and from the landfill is not always in the best shape.

More recently the odour from the compost has created a new possibly larger issue. The odour actually affects me at my residence when the wind blows in my direction.

With regards to the County as a whole, road condition will always be an issue and balancing act.

Police enforcement as well as bylaw enforcement may need to be assessed on how to get the best bang for the dollar and how best to support ratepayer concerns.

I also believe BESC, which involves not just the County but both the towns and villages, needs to be assessed for how effective the commission is in

overseeing the fire departments and emergency management.

3. Please state your goals if you are elected Councillor? If an incumbent, what are you most proud of accomplishing during your tenure?

My goals would be to be fiscally responsible to all ratepayers in the county. Also, to be as transparent with all decisions being made. Communication is a big key to transparency.

4. Can you give a background of yourself in terms of personal, educational, occupational and any other information you think would be pertinent for the voter to know to help them get a better understanding of who you are and the direction in which you wish to proceed going forward?

My background was as a military policeman for 15 years.

When medically retired, I was the operations Warrant Officer for CFB Petawawa. I was also the Community Peace Officer for Beaver County for 20 years.

During that time I was also the Fire Chief for the County which also included both towns and villages. I was in charge of Health and Safety for the County employees, and voted in as the president of the Rural Utilities and Safety Association.

Until the formation of BESC, I was the Director of Emergency management for the County. During that time I organized and ran several simulated disasters which practiced all key players in how to deal with emergencies..

FORM 7

Notice of Election and Requirements
for Voter Identification
Local Authorities Election Act
(Sections 12, 35, 46, 53)

LOCAL JURISDICTION:

Beaver County;
The Battle River School Division;
Elk Island Catholic Separate School Division; PROVINCE OF ALBERTA

Notice is hereby given that an election will be held for the filling of the following offices:

Kinsella - Main St from HWY 14 to 3 rd Ave	Oct	Oct	
Kinsella - 2 nd Ave from Main St to King St	Oct	Oct	

Completed In Progress Scheduled Delayed

WHEN CONSTRUCTION IS COMPLETE

When all **four** phases of upgrades are **complete**, roads will be smoother and longer lasting for all users. To help keep them in top condition, please follow these guidelines:

- Road bans remain in place for about one year.
- No loading or unloading on the roadway.
- Avoid driving heavy or tracked equipment on the road—use alternate routes or haul roads.
- Report damage or unsafe conditions to the Beaver County Service Centre.

Beaver County is committed to providing a **safe, injury-free environment** for employees, contractors, visitors, and the public. Road construction can create hazards such as heavy machinery, dust, mud, gravel, asphalt coatings, and rock chips. We apologize for any inconvenience—roads with the most traffic require the most maintenance. **Thank you for your patience and understanding during construction.**

SECOND LAYER OF CHIP SEAL INCOMING

Construction crews have been working to upgrade the following road:

- TWP RD 512 from RGE RD 191 to SEC HWY 834

This location will soon begin to receive the second layer of chip seal and there may be delays as work crews' direct traffic to work safely. There will be many loose rocks after the second chip seal layer is applied and speed limits will continue to be reduced on this road until the final sweep is complete.

WHAT ARE SHOULDER PULLS?

This work reclaims gravel from the road edges, restores the road shape for proper drainage, and improves overall driving conditions. During this process, residents may notice temporary rough surfaces and road equipment. We ask drivers to slow down, watch for signs, and give crews space to work safely. For more information, visit the Road Maintenance FAQ on the Beaver County website.

QUESTIONS OR CONCERNS ABOUT ROADS?

Please call the Beaver County Service Centre at 780-663-3730.

BRUCE & KINSELLA ROAD REHABILITATION

In October select roads (as shown in the construction schedule) will be undergoing some minor repair work and receive a pavement overlay.

During construction, sections of the road may be temporarily closed to allow crews to work safely. Detours will be clearly marked. Please plan alternate routes where possible or drive cautiously if you must travel through the construction zone (local traffic only).

DEVELOPMENT PERMITS

The following Development Applications have been APPROVED (except where otherwise noted) by the Development Authority under the provisions of Land Use Bylaw No. 98-801, subject to the right of appeal to the relevant appeal body - Subdivision and Development Appeal Board (SDAB) or Land and Property Rights Tribunal (LPRT).

APPEAL DEADLINE NOVEMBER 5, 2025

Appeal Body	SDAB
Application No.	020020-25-D0061
Applicant	Carlene & Jason Walsh
Landowner	Same
Location	Lot 1 Plan 792 0355 in SE 16-48-14-W4
Development	Discretionary Use – Party Bus Business (General Commercial)

Any person wishing to appeal an application may do so by serving written notice on the prescribed form (stating reasons for the appeal) to the relevant appeal body. For information on how to appeal can be found on our website under **Services > Planning & Development > Appealing Planning Decisions**

Further information regarding the above decisions may be obtained from the County Office, Ryley, Alberta.

NOTICE TO PROPERTY OWNERS

PREPARATION OF THE 2025 ANNUAL ASSESSMENT FOR 2026 TAXATION

Please note: Due to the ongoing postal strike, Beaver County is providing this notice online and through alternate channels.

The Assessment Department will begin conducting property inspections for:

- Development permits issued in 2025, and
- Developments from previous years that were not yet completed.

The inspector will be visiting properties to verify and collect data on new or existing developments.

This work helps ensure fair and equitable property assessments throughout Beaver County.

If you have questions or concerns, please contact the Assessment Department at 825-385-0055.

PROPERTY TAXES DUE OCTOBER 31

How to pay your taxes...

Due to the postal strike, mail delivery is not an option for paying your taxes currently. Please use one of the following methods:

- **Internet or Telephone Banking**
 - Payee: Beaver County Taxes
 - Account #: 9-digit roll number from your assessment/tax notice
- **Paysimply.ca**
 - Secure payment site accepting credit cards, PayPal, and more. (Convenience fee applies.)
- **In Person**
 - Debit, cheque, cash, or money order at the Beaver County Services Centre.
 - To meet with the Assessor, please call 780-663-3730.

A 10% penalty will be applied to all outstanding balances as of November 1, 2025.

Note: Credit cards are only accepted through Paysimply. Please allow 2-3 business days for electronic payments to process.

Beaver County Division 1 candidate - Nora Abercrombie

Patricia Harcourt

Here are the results of a Beaver County Chronicle questionnaire for Division 1 candidates in the municipal election which will be held on Oct. 20.

1. What are your reasons for running, or re-running, for councillor in your division?

Above all, I want to look after my neighbours the way that they have always looked after me and my family.

From helping me find my stupid runaway cows, pulling me out of the snow, or helping me out when I was too pregnant to fit out my front door, I owe my neighbours. A lot.

Also, I have deep roots in Beaver County, and want to give back as much as I can.. My family has been in the area since before 1900; some came from the Dakotas by covered wagon.

My great grandfather, Freeman Kelley, served as a forester in the Blackfoot Grazing Reserve. My mom went to her first dance at the Lindbrook Hall. Beaver County is a sacred place to me and I want to carry on the family tradition of service to preserve our environment, our traditions, and our great way of life. I want it to be just as great for future generations.

2. What issues in your particular division, and in the county as a whole, do you consider important to discuss during this election?

The overarching issue is security, and all that means. We need reliable roads, which are the fundamental infrastructure that allow people to live here successfully. We need water security. Whatever population or business growth we approve cannot risk people's access to the water they need, when they need it.

The county has already identified surface water management as an issue. We need to ramp up crime prevention. This is a shared responsibility with other organizations; there are at least eight things we can do to make Beaver County very, very bad for criminals.

3. Please state your goals if you are elected a councillor?

My priorities are good roads, balanced budget, increased security, and staying out of people's business unless they are causing harm to others.

It is critical that Council apply the rules equally and fairly to everybody. Whether it comes to tax assessment or being first to get the road worked on, everybody should be treated the same. Also, Council should rely on the wisdom of our residents, especially our Seniors. They have seen it all and have valuable

advice that Council should take the time to hear what they say and consider it carefully.

4. Can you give a background of yourself in terms of personal, educational, occupational and any other information you think would be pertinent for the voter to know to help them get a better understanding of who you are and the direction in which you wish to proceed going forward?

My background includes working with the City of Edmonton on drainage, waste water, road networks, and asset inventory systems. I also worked in agriculture for 12 years, specifically on food safety and animal health. I worked a lot in environmental monitoring in the oil sands.

Apart from my work on municipal infrastructure, maybe my most relevant work experience is in emergency management.

I facilitated the devel-

opment of a plan to ensure the food supply to Albertans in a critical disruption, served as Plans Chief in a large E.coli outbreak, was a Consequence Manager during the Fort McMurray Wildfire and later served as Planning Manager for the Fort McMurray Wildfire Recovery Task Force.

I created the recovery tool kit for Fort McMurray after their big fire, which I was told was useful to them.

So, if something goes badly wrong here, I understand the legislated role of the municipality in a State of Local Emergency.

I know exactly how the Provincial Operations Centre will mobilize help for us, and how to work with them in partnership with our local first responders, churches, and agricultural societies.

Once the actual emergency is over, which is

Beaver County Division 1 candidate Nora Abercrombie

usually pretty quickly, the long process of recovery will begin, and coordinating with local organizations will be critical to getting back up on our feet as soon as possible. I know where some of the big delays can come from. To summarize, I will work to protect and defend what makes Beaver County special and stand with my neighbours no matter what challenges we face in the future.

Beaver County Division 1 incumbent - Kevin Smook

Patricia Harcourt

Here are the results of a Beaver County Chronicle questionnaire for Division 1 candidates in the municipal election which will be held on Oct. 20.

1. What are your reasons for running or re-running for councillor in your division?

I was first elected to Beaver County Council in 2013 and was acclaimed in both 2017 and 2021. I've been Reeve for seven of those years. I bring leadership and experience to the table. I believe Beaver County is on the right path and I want to continue to represent Division 1 and lead us into the future.

2. What issues in your particular division and in the county as a whole do you consider important to discuss during this election?

Roads are always front and centre in our Division and throughout the County. It took several years, but we finally committed to a 10-year hard surfacing road strategy which will improve the road network throughout the County, including the subdivisions in Division One. Work has already

begun and over the next 10 years every subdivision will have a hard top surface (teracem) which will improve the quality of life for our residents. We have also committed to maintaining the major roads in Division One such as Township Road 512 and Township Road 514 which see a large volume of traffic. This year we also constructed a hard top surface on Range Road 200 heading into the Islet Lake Staging Area where hikers, bikers and boaters enjoy the great outdoors. I also want to continue to encourage economic development in our division.

3. Please state your goals if you are elected Councillor? If an incumbent, what are you most proud of accomplishing during your tenure?

The 10-year hard surfacing road strategy took a lot of debate and discussion at the Council table to reach approval. It's a game changer for many of our west end residents who live in subdivisions and/or near major routes and I want to ensure the strategy continues so when the current year of

work is completed, we add another year to the end.

I also pushed to add two additional grader routes to our transportation program. This shortened the routes for each grader, allowing them to maintain roads more frequently.

We also established the Beaver County Economic Development Advisory Committee which includes several public at large members with strong business backgrounds. We updated the development parameters in Equity Industrial Park and were able to attract Cap Clean Energy, which will build a renewable fuel facility producing bio fuel from plant based residue, which will be acquired from our local producers. Another big win was the commitment by Parrish & Heimbecker to open a major grain handling facility near Viking.

I will champion the enhancement and expansion of the Highway 14 Waterline, to allow for residential and industrial growth in Beaver County.

As a member of the Tofield Library Board, I'm proud that we joined the Dolly Parton Imagination

Library, which offers a free book each month to children up to the age of five.

I will continue to advocate to the Province so they understand the challenges we face in rural Alberta, and strive to maintain or increase the grants and funding we need from them.

4. Can you give a background of yourself in terms of personal, educational, occupational and any other information you think would be pertinent for the voter to know to help them get a better understanding of who you are and the direction in which you wish to proceed going forward?

My wife Sheila and I moved here in 1993 and raised four wonderful

Beaver County Division 1 candidate Kevin Smook

children. When we first arrived, I got involved with several community groups to both meet people and give back to our area. I've been selling real estate for over 30 years and opened our own brokerage in 1999. Since being elected to Council, I've enjoyed representing the County on numerous boards and commissions.

I'm proud of the relationships Beaver County has built with our urban partners in Tofield, Ryley, Holden and Viking and, if re-elected, I will do my best to help strengthen and maintain those key partnerships.

**MORE PROFILES
IN NEXT WEEK'S
EDITION**

Elect Zsuzsanna Hemperger for School Board Trustee

Passion, Dedication, and Commitment

I have 16 years of experience serving the school community, consisting of:

- 4 years as a BRSD School Board Trustee*
- 4 years as the C.W. Sears School Council Chair.*
- 4 years as the Tofield School Council Chair.*
- 14 years as a Tofield Library Board member and Chairperson.*

I will make sure that the board's decisions meet the students' needs.

If you would like to have a strong, experienced voice on the School Board, please vote for me!
