Road Construction Notice

TWP RD 514 between RGE RD 192 and 195

For the safety of the residents who travel TWP RD 514 between RGE RD 192 and 195, Beaver County will be resurfacing the road top to gravel effective immediately. The current condition of the road top is considered dangerous and numerous attempts to repair to a standard that would be considered safe; have not succeeded.

During this time, portions of the roads may be closed to allow crews to work safely; however, access for local landowners will be maintained during construction. Delays are to be expected. We encourage patrons to take alternate routes until the projects are complete.

There are potential hazards to the public and vehicles during the construction process. This can include heavy machinery, dust or mud, and road materials such as gravel, asphalt coatings and rock chips.

This schedule is weather dependent.

Thank you for your patience and understanding during construction. If you have any questions, please call the Beaver County Service Centre at 780-663-3730.
