Message from Beaver County Reeve

On behalf of Beaver County Council, staff and our residents we would like to wish all of the agricultural producers and their families a safe and productive harvest season! Your countless hours of hard work and dedication to produce the many products found in this region is celebrated and appreciated.

The agricultural industry is an important part of our vibrant community and rural way of life. Driving around the countryside it is evident that agriculture, and those that work in the industry, have had a significant mark on our past, the present and our future.

“This past spring and summer have brought many challenges to our cultivated, hay and range land. Beaver County has experienced record levels of rain which has hindered Hay quality and production as well as the late start to Harvest. Council keeps their fingers crossed for all of our producers that the sky’s will clear and you can enjoy a prosperous and productive 2019 Bounty and Fall harvest.”

Beaver County strives to provide opportunities for this industry to thrive and expand in our County and we appreciate the investments that the agricultural industry contributes to our local economy.

If you are looking for more Information about Beaver County please visit www.beaver.ab.ca or call the Beaver County office at 780-663-3730.
